

# WHAT DO I SEE?

Attach Velcro to each square and each picture. You can also attach small pieces of Velcro at the child's height to each of the items pictured below that are in your home. Take your child in the room in your house that contains these items. Let the child hold the picture and say "In the (room of house) I see....." and then let your child match the picture to the item. Make corrections as necessary and say the name of the item again to see if the student will repeat.
